### ON THE COVER:

ACN Digital Phone Service with Video Phone provides INFINITE POSSIBILITIES!

### *Hello Everyone!*

Summer is almost officially over, but rest assured that things are still heating up at ACN! Momentum throughout ACN is at an all-time high, so I thought now would be as good a time as any to let you in on a little secret. In fact, it's the secret to success at ACN.

### *Are you ready for it?*

## **The Secret to Success; No Secret at All**

The secret to success at ACN that successful representatives have known for years is...talk to more people! That's it...it's that simple. If you want more representatives on your team, talk to more people. More customers? Talk to more people. If you want to promote more leaders, talk to more people. Increase your CABs, T-CABs and monthly residual income? Yes, you got it. Talk to more people. The secret to success at ACN really isn't a secret at all.

Have you ever said or thought any of the following...

"I don't know enough people...I'm too shy...I wouldn't know what to say or how to say it...people won't listen to me...I don't have any business experience...I've never been good at sales...I'm too busy to talk to all those people."

If you've ever thought any of the above, then there truly has never been a better time for you to be a part of ACN than right now. This quarter at ACN is all about breaking barriers, overcoming obstacles and eliminating self doubt from your vocabulary, because now at ACN, talking to more people has never been easier thanks to the power of ACN's proven tools. In fact, ACN's tools can speak on your behalf. All you have to do is be the messenger – get ACN's tools in the hands of everyone you see. Then, let ACN be the message!

From ACN's Opportunity Disc, featuring the exclusive Donald J. Trump endorsement, to Success From Home magazine, showcasing the ACN Opportunity from cover to cover, to ACN's state-of-the-art Distributor Websites, which present the opportunity on your behalf 24 hours a day, 7 days a week – ACN's tools are presenting the opportunity like never before and are exceeding anything else available anywhere in the industry today.

In fact, when I look at the top producers in ACN, there is one thing they all have in common. They are utilizing ACN's tools to talk to more people and explode their business. They are moving up the production charts, and when compared with representatives not using ACN's tools, their productivity is up to 200% higher. It's all right here in this newsmagazine in black and white. The people whose names appear on these pages are using ACN's tools every day, no exceptions. The numbers simply don't lie.

I'm so confident about ACN's tools that I spent the summer putting them to the test. I had the absolute pleasure of participating in each of ACN's summer events, from Detroit, to France, to the Gold Coast in Australia, and then wrapping up in Canada. And just as I expected, each of the leaders I spoke to worldwide at ACN had one thing in common – they are utilizing ACN's tools to talk to more people.

## **Your Personal Commitment**

Would you like your business to explode? Then do what the ACN leaders do.

I want to challenge each of you this quarter. I want you to commit to just two exposures a day – two Success from Home magazines, two Opportunity Discs or two visits to your ACN Distributor Website – two exposures by you to someone new every day! With every exposure you make, you increase your chances of growing your

organizations. I'm confident each of you will accept this challenge and put two-a-day to work in your business every day. This isn't a theory; this is a proven, practical way to see almost instant results in your business. Stretch yourself a little today, and turn your business upside down tomorrow.

## **Celebrating ACN's Successes**

After all this talk about success, I feel compelled to remind you of some of ACN's most exciting successes over the past quarter.

As I mentioned before, we hosted several record-setting events this summer, all accented by the excitement of the new Compensation Plan Enhancements, which featured a new level of RVP compensation and of course the addition of wireless service to phone points in the U.S. By acquiring customers and doing exactly the same thing you have been doing, you can actually earn more money. Sure, some other companies would call us crazy, but at ACN we've always shared our successes with the people who helped make these successes possible – each and every one of you.

In addition, ACN also celebrated the exciting launch of High Speed Internet and Digital Phone Service in Canada and marked ACN Canada's 10-year anniversary. It's hard to believe that 10 years ago we were just beginning operations in Canada, and today we are one of the country's premier telecommunications providers – and this is still only the beginning as we are continuing our growth with expansion in Europe and Asia Pacific.

And what's happening in Canada isn't the only excitement. Wireless services in the U.S. are exploding like never before with new customers taking advantage of the ACN Wireless difference every day. Plus, among the 10 top-selling handsets for each carrier, ACN Wireless is priced more competitively than the carrier 85% of the time! And the excitement of ACN's Digital Phone Service in the U.S. continues to accelerate. We've set new sales records with our history-making Video Phone as orders continue to pour in daily. What started as a ripple is quickly becoming the wave of the future at ACN!

The best part is that these aren't just ACN's successes; these are your successes too. Ask yourself this...Are you going to step up to the plate or sit on the sidelines? We've lifted the lid off ACN this quarter, creating an atmosphere for everyone to be successful if you're willing to work hard and pay the price. You have everything it takes to build your ACN business bigger and stronger than it has ever been. And when in doubt, just remember to talk to more people... every single day!

I know that you have what it takes within each of you to step up to the plate and hit one out of the ballpark.

God Bless!

Grow, Grow Grow!

Greg Provenzano

ACN President and Co-Founder

# IT'S ALL HERE

## ACN WIRELESS...

## FREEDOM, CHOICE, MOBILITY, SAVINGS

### THE ACN WIRELESS PRICING DIFFERENCE IS CLEAR

- ACN works to be priced below the retail stores' current pricing.
- In the top selling handsets in the U.S. across all carrier platforms, ACN is priced more aggressively than the carrier 85% of the time. Savings range from \$10 - \$150 per handset depending on the model/carrier. In order to stay on top of handset pricing, ACN has a team of specialists who monitor online pricing as well as "secret shoppers" who venture out to actual carrier storefront locations. In cases where ACN is not priced more aggressively than the carrier our prices are typically the same as or within \$10 of the carrier offer.
- ACN pricing reflects a greater percentage of instant rebates unlike carrier offers at retail storefronts or through dealers. Retail storefronts tend to have a higher percentage of mail-in offers. This factor has a great impact on initial buying decisions and gives ACN an additional selling advantage.
- Of the 45 top-selling handsets in June 2007, ACN was priced better 38 out of 45 times. In the remaining seven cases, we are either the same as the carrier or the carrier doesn't offer that particular phone.
- Considering the entire available handset line-up from each carrier, ACN is priced more competitively approximately 75% of the time. Overall, the savings with ACN are great, and in the few cases when the carrier is cheaper, it is usually only by a penny.
- Refer to [www.acnwireless.com](http://www.acnwireless.com) for up-to-the-minute pricing on all phones.

### BE ONLINE ANYTIME WITH AN ACN WIRELESS AIR CARD

Surf the net, send and receive email, and access corporate networks using a new wireless Air Card, available through ACN Wireless.

There is no need to find "hot spots" or pay for passes on other networks. Just plug your Air Card into your laptop computer's PC slot or USB port, follow the setup instructions, and you can connect to just about anywhere. No plugs, no wires, no worries!

A variety of Air Cards are available from most of the ACN Wireless partners. The cards are compatible with most Windows operating systems, including Windows 98, 2000, Vista and XP. Many of them offer download speeds of 2.0 Mbps or greater.

Visit the ACN Wireless website for more details. Air Card links are available at the bottom of the left navigation.

### CONTRACT EXTENSIONS AVAILABLE FOR VERIZON CUSTOMERS

Verizon extensions are now available, allowing current Verizon customers to keep their service and phone number while upgrading their phone at discounted prices and signing a new two-year contract through ACN Wireless.

To qualify for the Verizon extension, customers must be in the last three months of a contract. This policy may vary by carrier. Thousands of ACN representatives are taking advantage of this feature of ACN Wireless to add customers. Currently, extensions are available for Verizon, AT&T and Sprint/Nextel.

### CALLING ALL NEW CUSTOMERS: PHONE-ONLY ORDERS NOW AVAILABLE

The Phone-only option is now live on the ACN Wireless website, allowing customers with current contracts to upgrade their phones at discounted prices that do not require a contract extension. When you click to see an offer, you will notice the price without a new account noted in the phone details. By clicking "More Info," you have the option to buy a phone only.

While these sales do not count toward commissions or qualifications, they position you as a one-stop shop for your Wireless customers. Take advantage of this new option to build your business today.

### FUTURE ACN WIRELESS ENHANCEMENTS COMING SOON:

- Service-only sales – for customers who would like ACN Wireless service without a new phone.
- Brand new order portal – based on your feedback and suggestions.

**Stay tuned for complete details!**

### WHAT ARE AIR CARDS?

Air Cards provide you with data communication for your laptop anywhere you roam on your carrier's network. These cards allow you to connect your laptop to the Internet, send and receive email and text messages, and connect to corporate networks from just about anywhere – with transmission speeds approaching DSL.

YOU'VE GOT TO

# EXPLOSION OF MOMENTUM ROCKS CANADA THIS SUMMER

## Digital Phone Service Arrives!

After a fast track launch at the Detroit International Training Event, ACN representatives were filled with momentum awaiting the launch of Digital Phone Service in Canada. Provisioning began in July and service was launched to customers in August. ACN's own network was built and optimized for voice and video. And that's not all. We own it, we control it, and expert engineers at ACN manage it, which means customers receive the absolute best in quality and service!

## ACN Video Phones Change the Face of Communications

**"If a picture paints a thousand words, then a video paints a million!" – ACN Co-Founder Tony Cupisz.**

With ACN Video Phones, Digital Phone Service customers can actually SEE the person they are talking to, not just hear their voice on the line. Imagine the impact for your family when business trips don't have to mean you can't see your children before bed at night, when grandparents can watch kids grow and loved ones can stay in touch from miles away. Your business can dramatically change as well with the ability to host video conferences with participants from across the country. Just imagine the possibilities!

"With this new technology, I foresee millions of people all over the world that will reach their biggest ambitions on a global level. Everyone deserves to be a part of the ACN phenomenon." – Simon Abboud, ACN Regional Vice President and Circle of Champions member

## Digital Phone Service Launch Culminates with Special Launch Events

In July, Toronto and Montreal played host to thousands of people celebrating the launch of Digital Phone Service and taking advantage of the chance to hear powerful training directly from ACN Co-Founders Tony Cupisz and Greg Provenzano.

## ACN Featured in Quebec Magazine, Business Opportunity

Representatives in Quebec may have noticed some familiar faces on the newsstand this summer as ACN was featured in the French magazine Business Opportunity and the Co-Founders were pictured on the front cover. Several articles detailed ACN's history, products and business opportunity and many leading ACN representatives were recognized as well. Reprints are available in the Tools section of MyACN for Representatives.

# ASIA PACIFIC

It's been an exciting quarter for the Asia Pacific region. April kicked off to a great start with Mike Cupisz' Founder Tour and the 2007 President's Club Retreat in Port Douglas! Before experiencing the beautiful Sheraton Mirage Port Douglas with ACN's top-producing President's Club members, ACN Co-Founder Mike Cupisz took a tour of major cities in New Zealand & Australia, providing ACN Business Overview Meetings as well as comprehensive training on new products, pricing plans and business tools to representatives.

Also in April, ACN launched ACN Assist Chat & Email Service, offering a greater range of options for representatives and customers to contact us including direct email and chat channels! ACN Asia Pacific's new range of Mobile plans and toll-free calling services were also launched this month offering greater benefits to ACN customers.

The second quarter continued with the launch of the new ACN Assist Knowledgebase for representatives and customers. The Knowledgebase allows representatives and customers to find all the information they need without waiting for assistance. Users can simply search or browse existing Knowledgebase articles or 'Submit a Question' directly to our Knowledge Administrator, who will investigate and take action.

Of course the biggest highlight of this quarter was ACN's successful Asia Pacific International Training Event! The action-packed three days on the Gold Coast will leave lasting impressions with those who attended. The Founders provided incredible motivation for representatives to make tomorrow's dreams today's reality.

Asia Pacific representatives are now looking forward to the next big ACN Event – the Asia Pacific Training Weekend in Sydney on October 13-14, 2007. This Asia Pacific Training Weekend will offer invaluable leadership training and recognition of Asia Pacific's top producers.

REPRESENTATIVES OUTSIDE THE GOLD COAST ARENA ANTICIPATE AN AMAZING WEEKEND.

# EUROPE

ACN Europe enjoyed a highly successful second quarter in 2007 highlighted by two explosive product launches, a trip to the French Riviera and exciting news on our plans for the future. More and more representatives are following their leader's advice and are signing up for ACN's Auto-Ship program while the Distributor Website and Downline Reporting tools continue to have a direct influence on Europe's production reports.

Customers in The Netherlands and France are now receiving one less letter in the mail with the launch of ACN's Line Rental in those countries. ACN's European service portfolio continues to swell and representatives all across Europe are continuing to capitalize on each successful launch.

The highly anticipated introduction of High Speed Internet & VoIP is now a reality in Germany, providing German customers with a great product and even more value from ACN. Germany is the first European country to benefit from the advantages of this innovative technology, packaged with the unique ACN benefits, with ambitious expansion plans to offer this service throughout Europe in the foreseeable future.

ACN held its second international event of 2007 in Nice, France, with each attendee enjoying a beautiful setting and the best training and support a network marketer could ask for. ACN also welcomed its newest European RVP into the fold with France's Dominique Cano-Flores being rewarded for his accomplishments in front of his fellow countrymen.

More news on the European launch of ACN's own state-of-the-art VoIP network, along with the introduction of video phones, continues to dominate headlines as 2008 draws nearer and nearer. It may be too soon

to start the countdown, but it's not hard to see how excited the representatives are getting as the sophistication of VoIP technology, with its combination of quality sound, rich features and affordability will soon be available on European soil.

REPRESENTATIVES REACT TO INCREDIBLE TRAINING AND EXCITEMENT IN NICE.

## Thousands Gather in Detroit to Celebrate ACN Canada, Launch New Products and Learn From the Best

A festive atmosphere greeted representatives who gathered in ACN's hometown of Detroit in June. Over three exciting days, those in attendance celebrated ACN Canada's 10th anniversary, helped launch new products and benefited from crucial training and motivational speeches focused on the power of ACN tools.

From stage, the Founders explained why ACN is experiencing momentum like never before in the company's history. With amazing tools that level the playing field and a growing list of products in ACN's portfolio, the company is positioning every representative to take advantage of the trillion-dollar telecom industry and explode their business.

Just steps away from the Canadian border, representatives in Detroit cheered the official launch of ACN High Speed Internet in Ontario and Quebec and took advantage of product booths to sign up for service. The excitement continued as the Founders revealed important details of the summer launch of Digital Phone Service with Video Phones in Canada and announced plans for two Regional Events in Toronto and Montreal to capitalize on the momentum.

In Detroit, training sessions emphasized the use of ACN tools as the best way to pique interest from prospects. Speakers explained how each representative has a professional and consistent message available in various formats, including the updated ACN Opportunity Disc, the April 2007 edition of Success from Home magazine and the impressive Distributor Websites. In addition, a long list of representatives provided testimonials on the amazing power of these tools in sharing the ACN Opportunity.

ACN President Greg Provenzano delivered a powerful message on the need for representatives to commit to using ACN tools consistently: "With the tools, you can share the ACN story. It makes the brand new person be the messenger, not the message. You see what kind of difference that can make

for a brand new person? It takes all the heat off, it reduces the anxiety, and it brings up their skill level."

The Detroit event delivered a weekend packed with training, networking, celebrations and recognition. Here are a few of the key announcements:

### ACN Tools Most Effective When Used Consistently

Mr. Provenzano explained that ACN has become an excuseless business with the resources that will help any representative turn their dreams into reality.

The ACN Opportunity Disc featuring Donald J. Trump has been refreshed with success stories from every member of the 2007 Circle of Champions. The disc includes updated product information and is now available in four languages.

Success from Home magazine featuring ACN continues to be a favorite among representatives looking for a third-party validation tool to share with prospects. The April 2007 edition contains 128 pages of company information, success stories and an article by Donald J. Trump on the power of network marketing.

Representatives crowded into the Success Store to take advantage of the Essentials Pack, which included Opportunity Discs, magazines and new product brochures – all at a 20% discount. Event participants were the first to see the new product brochures, which allow representatives to share with customers the long list of products now offered by ACN. The brochures are available in both U.S. and Canada formats.

From stage, the Founders revealed new features that allow customers to sign up for Wireless right from the Distributor Website. Prospects can also navigate the list of Business Opportunity Meetings by keynote speaker, title, meeting type, date, location and more!

Mr. Provenzano asked representatives to commit to piquing the interest of two people a day using ACN tools. "Get a tool in somebody's hands twice a day. I don't care if it's a disc or Success from Home magazine. I don't care if you direct someone to your ACN personal website. Just expose the ACN story twice a day with no reservation whatsoever," he said.

## ACN Canada – The Product Portfolio Expands

A crowd heavily populated by Canadian representatives erupted with excitement over the launch of High Speed Internet services for Ontario and Quebec customers. From stage, Co-Founder Tony Cupisz detailed the competitive pricing that makes ACN's newest product in Canada hard to beat. He also revealed introductory promotional pricing that provides a great way for representatives to market the product.

The good news only got better for ACN Canada as Mr. Cupisz discussed the summer launch of ACN Digital Phone Service and Video Phones, which operates on ACN's own network. Representatives learned that 67% of households – or 8.2 million people – already use broadband Internet, providing endless possibilities for growth.

## U.S. Product Explosion

Already buzzing from the 2007 launch of ACN Wireless and the resounding success of Digital Phone Service on ACN's own network, U.S. representatives heard more exciting news in Detroit. The Founders discussed plans for enhancements to the Wireless website featuring more detailed carrier pages, a Phone Finder tool and an improved accessories store.

Those in attendance learned that the New Video Phone is allowing representatives to offer their customers affordability and quality with a larger screen, easy-to-use menu, four language options and a new low price. Also, Co-Founder Tony Cupisz announced the upcoming expansion of U.S. Digital Phone Service to Hawaii this year and the move to Commercial Digital Phone Service in 2008. A Europe launch of Digital Phone Service is also planned in 2008.

## Detroit Charity: Mothers Against Drunk Driving

As is ACN tradition, over the course of the weekend, representatives raised money for a local charity, Mothers Against Drunk Driving, an organization with a mission to stop drunk driving, support the victims of this violent crime and prevent underage drinking. ACN matched the amount donated by representatives for a total contribution of \$34,384.30.

Those who attended the Detroit International Training Event had the added bonus of touring ACN's Headquarters in Farmington Hills, Michigan.

# DETROIT RVP PROMOTIONS

## Marlene Brehm

At age 21, Marlene Brehm was pursuing a singing and acting career in California while working 70 hours a week in the real estate business. A real estate agent convinced her to attend an ACN presentation and she was overwhelmed by the excitement.

But success did not come as quickly as her decision to start. Old habits were hard to break. Marlene recalls hanging out with her friends one day instead of attending a weekly ACN meeting. While at her friend's house, she took a call from an upline leader who told her it was crucial for her to attend the team's regular meeting.

"I looked over to my friends who were hanging out and so excited about whatever TV show they were watching but not excited about anything in their lives, always complaining all the time but not willing to do anything about it. And I thought, 'Are these the people who I am following?' Then I have someone who just took a vested interest in me and called me so I could build a business that could change my life," Marlene said. "And I drew a line in the sand at that point. I made a choice right then and there who I was going to surround myself with."

With the motivation of her mentors and her own persistence, Marlene began building a team and a business. Her name was a regular on the President's Club over four and a half years, a result of hard work that led to her promotion as Regional Vice President at the Detroit International Training Event. On stage, Marlene told the crowd how ACN had provided her freedom to spend with family and the ability to pursue her singing and acting career on her own terms.

"I am a totally different person than I was when I started," she said. "I feel like I grew up in this business. My spiritual life is so much bigger and clearer than ever before. Financially, I can now invest in my own acting and singing career rather than waiting for someone else."

## Nathan Goldberg

While working as a waiter, Nathan Goldberg got a pretty good tip: A customer introduced him to network marketing. He was very ambitious and was looking for the right opportunity to shine. After six years at the restaurant, he needed a change in his life, so he decided to try it.

While working for two other network marketing companies, Nathan learned a lot and worked very hard, but he did not find the success he was dreaming of. A friend later introduced him to the ACN Opportunity, and he was extremely impressed with what he heard.

With a steady focus and a never-quit attitude, Nathan built a powerful ACN business and rose to the position of Regional Vice President in only 15 months. During the Detroit International Training Event, Nathan's team paraded him to the stage, where he told the crowd that he loved helping others.

"I got the bug and the dream of people helping people and having unlimited income potential," he said. "ACN has changed me, teaching me that the more blessings I give out, the more I receive. Financially, I'm making more than what I dreamed of."

Nathan attributes his success to a personal goal of talking to a minimum of 10 people a day about the ACN Opportunity. He also advised new representatives to keep a positive attitude and follow the advice of their mentors. "If a waiter from Montreal can do it, you can do it," he said.

**C**lose the year out strong with the single most important thing you can do for your business – attend ACN's International Training Event in beautiful Salt Lake City, Utah. Take advantage of the critical training and motivational messages provided by ACN's Founders and other leaders, along with the opportunity to celebrate successes with your team and network with thousands of representatives from around the world.

When the world's largest direct selling communications company hosts an international event, you simply can't afford to miss it!

## ATTORNEY GENERAL REPORT: *Independent Representative Agreement Obligations*

By Robert T. Stephan

At every ACN International Training Event, the ACN Legal Review Team emphasizes the importance of the Independent Representative Agreement and the Policies and Procedures. An Independent Representative must be knowledgeable about his or her obligations and the role of ACN.

In addition to the emphasis placed on the obligations in the two documents, ACN President and Co-Founder Greg Provenzano makes it clear that to be successful, it takes hard work. No one can succeed just by signing the Independent Representative Agreement.

It is my purpose in this article to point out some of the relevant information all representatives must have in order to be fully informed as to their role as an independent contractor.

The very first paragraph of the Independent Representative Agreement states that the advancement to higher levels in the compensation plan is based on the acquisition of customers and telecommunications/Internet usage. You cannot advance by simply recruiting other Independent Representatives. That recruitment must be accompanied by acquiring customers.

The Independent Representative Agreement makes it clear that a representative is an independent contractor and not an agent, legal representative, or employee of ACN. An Independent Representative is not to represent directly or indirectly that any person may, can, or will earn a gross or net amount of income.

During the term of the Independent Representative Agreement, representatives are not permitted to sell services or products offered by ACN through any person or entity other than that specifically approved in writing by ACN. An Independent Representative shall not, during their relationship with ACN and for a period of one (1) year thereafter in any way call upon, sell or solicit, take away or move any

customer of ACN. During the term of the agreement and for a period of one (1) year thereafter, an ACN Independent Representative may not solicit an ACN Independent Representative to participate in a network marketing program offered by any other company.

In the event a dispute develops between an Independent Representative and ACN arising out of the Independent Representative Agreement or the Policies and Procedures, such a dispute must be resolved through binding arbitration before the American Arbitration Association pursuant to Commercial Rules of Arbitration. All claims must be brought within two (2) years of the date on which the facts or circumstances giving rise to the claim are alleged to have happened. Michigan law will apply. ACN is not restricted from seeking preliminary or permanent injunctive relief in any court of competent jurisdiction.

This article does not contain each and every provision in the Independent Representative Agreement but is meant to point out how important the Independent Representative Agreement is in regard to the role of ACN and each Independent Representative. It is important that an Independent Representative read and understand the Independent Representative Agreement fully.

Adherence to the rule of law is the cornerstone of the ACN Opportunity. Compliance with all federal, state and local laws is a must for all ACN Independent Representatives.

The former Kansas Attorney General, Robert T. Stephan, serves on the ACN Legal Advisory Committee along with former Kentucky Attorney General Chris Gorman, former Arizona Attorney General Grant Woods and the Honourable William P. McKeown, former Supreme Court of Ontario Judge.

*¿Está listo para alcanzar el xito que se merece?*

Ahora es el momento para eliminar sus dudas y comenzar a disfrutar del verdadero éxito que ACN pone a su completa disposición... ¡tome las riendas de su futuro!

Deje que las Herramientas ACN trabajen por usted... ¿Cómo hacerlo? Es muy sencillo, en la sección de Herramientas en MyACN para Representantes usted encontrará el primer paso para empezar a alcanzar el éxito en su negocio:

**DWS:** deje que la Página Web del Distribuidor sea el mensajero de su negocio las 24 horas del día, los 7 días de la semana.

**DLR:** administrar su negocio para que crezca de una manera exitosa nunca había sido tan fácil con los Informes Downline.

**DVD/Auto-Envío:** Enviados a tiempo y directamente a su casa, le traerá a su negocio resultados inesperados. Usted puede conseguir nuevos clientes y construir una organización poderosa.

**Revista "Success From Home":** es una gran herramienta para compartir con los clientes las historias de éxito de los representantes, la historia de la compañía e información de productos.

*¡Inscríbase hoy mismo  
Y no deje pasar esta gran oportunidad!*

# ETT *on the move*

Unemployed and raising two baby girls, Shelly Chao was desperately looking for a job to support her family. But she had never even considered owning her own business before a friend introduced her to ACN.

When Shelly saw the ACN Opportunity, she felt like she had discovered a way to not only bring in money for the family but also help her parents live a better life. She was extremely impressed with the residual income and bonuses paid out to representatives, and the training system seemed easy to follow. She started her business and hit the level of Executive Team Trainer in less than a week.

"We don't need any strategies with ACN because the system is there for us, and all we need to do is follow it. I just leverage off of the system and let the system train my business partners. This makes the job of business ownership much simpler," she said.

Attending ACN events have become crucial to Shelly and her team, and she encourages them all to take advantage of training sessions as much as possible. That's where she learned a phrase she often repeats to new representatives: "The yeses build your business and the nos build you."

"The leadership of ACN provides the best personal development programs to help me grow spiritually, personally and financially," Shelly said. "I continuously learn and grow while I am making money in this business. I am so happy to be part of the leadership in this company."

## Kim Kahler

Kim wasn't looking for ACN, but ACN found her! She already had a full schedule with a husband, two kids and a career. She was too busy to explore what was missing in her life but she knew she wasn't completely satisfied.

As a dental hygienist, Kim had spent the last 20 years of her life taking care of her patients. One special day, however, it was a patient who was looking out for Kim when she told her all about ACN and left behind an Opportunity Disc.

"She really drove home two major points that made an impression: first, that Donald Trump endorsed the company, and second, that the disc she had given me would take less than 10 minutes to take a look at," Kim said.

## on the move

Before ACN, Oscar Dominguez sold jewelry and vitamins in the Hispanic communities of Austin, Texas. An immigrant from Lubinos, Mexico, he was initially skeptical of ACN, thinking the compensation plan and residual income sounded too good to be true. But then Oscar attended an International Training Event, where he witnessed the excitement among representatives and heard directly from the Founders.

Soon after, Oscar had started his own business and was telling family, friends and his jewelry customers about the ACN Opportunity. He reached the level of Executive Team Leader rather quickly, building an organization that now includes his wife Karime, brothers, cousins and even his 18-year-old son.

Oscar enjoys selling telecommunication services better than the health products he pushed for another network marketing company. "With ACN, you can make money right away. In my past experience, it took a long time. I also like not having to carry products around to people," Oscar said through a Spanish-language interpreter.

Financially, Oscar hopes to use some of his income to help orphanages and nursing homes in Mexico. He also encourages people in the Latino community to unite and use ACN to accomplish their dreams.

In the short time he has been with ACN, Oscar has grown personally.

"One thing I have learned is to remain humble – remain humble with the customers and remain humble with the people you introduce to the company. Help them see this is an opportunity and help them realize the doubts will go away," he said.

### Oscar Dominguez

The short amount of time she spent viewing the disc proved well worth it. As soon as she watched the videos, she signed up right away.

"I had a big desire for more in my life and I thought ACN was a great concept. Everyone uses phone service; it's something they're already budgeting for every month!" Kim said.

Once she began working her ACN business, the contrast to her career as a dental hygienist was stark. No more clocking in and out and working a schedule someone else has created. Now Kim decides the time she'll put in.

"The biggest difference is that ACN has a flexible schedule – it's whatever I schedule for myself. And the income potential is unlimited," Kim said.

Whatever her schedule, Kim's put in the time to become a success – for the second quarter of 2007, she's been named ACN's TC on the Move. Of all the rewards she's reaped, personal growth is what she's appreciated most.

Her advice to others is simple...

"Go to every event you can. Be extremely coachable and don't try to reinvent the wheel. Learn from the best and duplicate what they do."

ACN invited a group of deserving President's Club members to take retreat at one of the world's finest luxury hotels – the prestigious Gaylord Palms Resort in Orlando, Florida.

This incredible resort is housed almost completely under glass – a 4.5-acre atrium provides perfect 72-degree temperatures year-round and a constant cool oceanic breeze – making it the perfect spot to get away. Creators of this amazing resort attempted to re-create the Sunshine State – welcoming guests to relax under the palms, stroll past the live alligators through “St. Augustine” and into the trails through the “Everglades,” dine on a sailboat in “Key West” or simply take in a day at the spa.

The first evening, ACN hosted a welcome dinner and cocktail hour for the more than 100 guests, allowing representatives to meet and network with one another and ACN's Co-Founders. Each day, the guests were treated to spectacular meals and never-ending networking opportunities. On Saturday, the Co-Founders held a priceless four-hour training session designed to motivate and inform this group of top producers – providing the tools every leader needs to reach the next level.

When they weren't networking and meeting with the Co-Founders, guests took advantage of the resort's incredible surroundings, which included two refreshing swimming pools, a 4,000-foot fitness facility, sand volleyball court, putting green, croquet lawn, bocce ball court, more than five restaurants and bars, and miles of paths flanked with native tropical plants, water falls, flower gardens and Koi ponds. No matter the hour, guests were never without an opportunity to relax or to build their business by sharing the opportunity with other guests of the resort.

While every ACN retreat is full of opportunities to magnify their businesses – it is also full of fun! -- ***And fun they had!***

They say no trip to Florida would be complete without seeing alligators. Right? Well ACN did not want to let down any one of the guests, so off they went in search of some native wildlife! Participants loaded into three air-conditioned luxury tour buses and were taken on an excursion of a lifetime into the Florida Everglades.

ACN representatives traded their casual business attire for a sportier look of T-shirts, sunglasses and sneakers, hopping aboard one of six airboats for a sightseeing adventure. Reaching speeds of 45 mph and surrounded by wild herons, alligators and snakes, President's Club members thought they were seeing it all. But back on land, a wildlife expert presented the guests with an unusual invitation: meet and hold some of Florida's native wildlife. Brutus, a 5-year old “baby” alligator, put on quite a show, making some new friends from around the globe.

The evening before everyone departed, ACN hosted yet another incredible dining experience. They feasted on fresh shrimp and lobster, organic fruits and vegetable and homemade desserts before sitting back to reflect on the magical weekend. The Co-Founders spent one-on-one quality time with individuals, visiting each table to discuss the business and ways to take home the energy of the amazing retreat.

You could have this experience too. Join ACN's top producers at ACN's next President's Club Retreat and find out what it truly means to live the ACN Opportunity.

## 2007 President's Club Retreat Orlando, Florida

# 2008 President's Club Retreat

## Santa Ynez Valley, California

When you go to a resort, what is it you look for? Comfort? Great food? A touch of adventure? A change from the ordinary? A sense of discovery? A beautiful setting? Various athletic pursuits? Relaxation and quiet?

If so, then you will want to be there for ACN's 2008 President's Club Retreat to The Alisal, a guest ranch and resort located in California's beautiful Santa Ynez Valley and the renowned Santa Barbara County wine country. Qualify today and spend four days and three nights at the resort, where life moves at an easy pace and fun and adventure await from sunrise to sundown.

With 50 miles of horseback riding trails, you may take a horseback ride along the trail, guided by a wrangler. Or maybe you want to save that for the next morning, when you can ride to a "ranch style" breakfast in the hills. There are some 100 horses in the equestrian program. The ranch includes 10,000 acres of land dotted with 300-year-old oak and sycamore trees. Visit an adobe house along the way.

For golf lovers, The Alisal allows you to take advantage of two fine 18-hole courses, The Ranch Course and The River Course. The Ranch Course requires greater shot-making precision with more trees challenging your straight game. Neither course is hilly; both courses are meant for enjoyment, not suffering.

You can also try your hand at fishing on the resort's private, stocked lake. Spring fed, it covers 100 acres. You may also try canoeing, kayaking or tennis. Want to spend some time reading? There's a library. Feel like taking a swim? Got that too, along with a spa and poolside pavilion. All suites are newly restored and come complete with fireplaces. No TVs and no phones make this a real getaway.

During this exclusive retreat, participants will benefit from a unique training session with ACN Co-Founders, adding fresh insight to new techniques for exploding your business and taking it to the next level.

Held in May 2008, the retreat is designed for President's Club members who have earned a minimum goal of 250 qualified Team Trainers in their TC open line organizations that started during the calendar year (January – December 2007). (RVPs who qualify for both the RVP and President's Club Retreat are invited to attend ACN's Global Leadership Retreat.)

Each President's Club member is invited to bring one guest, and we will pick up the tab for four days of fun, including coach airfare, group meals, group excursion and accommodations! In order to attend the retreat, all qualified representatives must also be in adherence of the ACN Philosophy and receive an invitation from ACN.

# Hope to see you there!

## 2007 Global Leadership Retreat:

## Costa Rica

ACN's Regional Vice Presidents were treated like royalty during their week-long trip to Costa Rica. Guests stayed at the Paradisus Playa Conchal, an all-inclusive resort resembling a luxurious seaside village with walkways, bubbling fountains, shimmering lakes and lush tropical gardens.

RVPs from around the world gathered at the retreat, where group activities gave them the opportunity to spend time with RVPs they have never met. Plus, there were special North America and Europe Circle of Champions meetings, allowing leaders from each continent to share ideas with the Founders.

RVP Matt Rasmussen said he was overwhelmed with the vacation and the benefits of networking with ACN's Founders and fellow top producers. But it wasn't all business talk. During the week, guests had their choice of a zip line tour, a sunset snorkel sail, or a morning snorkel cruise – all complimentary of ACN. Many also took advantage of the other activities available, including golfing, ATVs, horseback riding, deep sea fishing, and water volleyball.

SVPs Brian and Andrea Sax escaped the resort for a day and went on a 16-hour adventure to an active volcano, and then hiked through a nearly untouched rain forest, basking in natural hot springs flowing from the base of the volcano. "Fantastic," Brian said.

RVP Shane Gates called the resort "breathtaking" and his suite "pure luxury." RVP Debbie Davis said she had a blast: "All the restaurants have a different cuisine and you could eat all you wanted. ... They also took us zip lining through the jungle trees up in the canopy with the monkeys. It was so much fun that I could have done it all day long."

Qualify as Regional Vice President this year and join ACN's Founders and fellow leaders for the next Global Leadership Retreat in beautiful Riviera Maya, Mexico.

## 2008 Global Leadership Retreat:

# Riviera Maya, Mexico

Riviera Maya – located along the coast of the Yucatan peninsula between Cancun and Tulum, Mexico – is the destination for the 2008 Global Leadership Retreat offered to ACN's highest-achieving leaders.

During this exclusive retreat, participants will stay at the Paradisus Riviera Cancun Resort, the ultimate all-inclusive village beach resort which recreates a Mayan Village ambience with its narrow paths and charmingly private, three-story oceanfront bungalows. Vacationers are drawn to this resort for its all-suite accommodations, lavish spa, gourmet dining, and beautiful beach setting surrounded by swaying palms. Consider the benefits:

**Setting & Ambience:** Arranged like a Mayan village, the property is set along a tropical mangrove preserve, and its beach is protected by the second largest coral reef in the world.

**Accommodations:** Luxurious accommodations are spread across the property's three-story villas. The winding paths linking the buildings are great for jogging during the day and very romantic for a moonlight stroll. All suites are spacious and have private terraces, and amenities include air-conditioning, satellite TV, mini-bars, coffee makers, safes, and hairdryers. Superior suites have Jacuzzis on their balconies.

**Dining & Entertainment:** Order memorable gourmet French cuisine at L'Hermitage, and dine on sumptuous Mediterranean fare at Capri. The Caribbean Market Place has a seemingly endless buffet, Tequila Grill prepares Mexican dishes, and the Sumire Hibachi Grill offers Japanese specialties. Snacks and drinks are also served by the pool and on the beach. Your good times continue into the evening with stage shows and other activities arranged by the resort's professional entertainment staff.

**Recreation:** Choose from a range of activities and games such as volleyball, tai chi, and snorkeling. There are four pools, including a giant free-form pool with floating lounge chairs. The spa and beauty center is fully equipped with massage rooms, a sauna, Turkish baths, two Jacuzzis, and separate areas for men and women.

Also, Paradisus Riviera Cancun is within easy driving distance of the famous Mayan ruins at Chichen Itza and Tulum and the renowned ecological water park of Xel-Ha. You will want to reserve some time to venture beyond the property and truly explore the Riviera Maya.

Participants on the retreats are also given the opportunity to spend personal time with the Co-Founders of ACN and fellow top producers. The networking available exclusively through these annual retreats provide representatives with an even stronger understanding of the vision and integrity behind ACN, while adding fresh insight into new techniques for building their businesses when they return home.

ACN's Global Leadership Retreat rewards:

- RVPs with open line TT production of 1,000 TTs
- 2008 Circle of Champions members
- In order to attend the Retreat, all qualified representatives must also be in adherence of the ACN Philosophy and receive an invitation from ACN.
- Each member is invited to bring a guest, and ACN picks up the bill for six days of fun, including coach airfare, group meals, group excursion and accommodations!
- Important Note: ACN covers expenses for two people although other team members (under the same Team ID Number) are welcome to attend at their own expense.

## WHAT THE LEADERS SAY

*The people who are on auto-ship who pass out Success from Home magazines and use Distributor Websites are the same people at the top level of production.*

– Tony Cupisz, ACN Vice President and Co-Founder

*This is the time; it's what we've all been waiting for. We just have to pass out two discs or two magazines a day to take advantage of it.*

– Danny Bae, ACN Regional Vice President and Circle of Champions member

*It's just a matter of exposures. How many times can you expose people to the ACN Opportunity? Commit to passing out two discs or Success from Home magazines each day and pointing people to your own Distributor Website.*

– Greg Provenzano, ACN President and Co-Founder

*We have to take this to the people; we have to pass out two discs and two magazines a day, because they can change people's lives.*

– Orin Solomon, ACN Regional Vice President and Circle of Champions member

# TC SPOTLIGHT

Tommy Lee knew that in order to make it big he needed to be his own boss. He started his career by opening a small burger restaurant in Hawaii, but he was always exhausted from working 70 hours a week. "I thought I owned the restaurant, but in reality, the restaurant owned me," he said.

Tommy later partnered with Grant Tsumoto on several projects, but the pair struggled to find the right venue for their talents. They worked with start-up companies through which they were successful in establishing large teams. But their dreams for success were shattered by poor ownership or unexpected shifts in the market trend.

A year ago, while in Los Angeles, Tommy and Grant received a call from a good friend. "When our friend introduced us to the ACN Opportunity, we were very impressed and we knew it would be the right decision for both ourselves and our families," Grant said. "ACN had the pieces for success in the U.S. market and for a global expansion. It was a no-brainer".

"The character and integrity we saw in everyone in the ACN family is what made us comfortable in working together. It was finally a relief to find a company that has it all together," Tommy said. "ACN is a progressive company. You don't have to be a super salesman or need extensive retail training to perform well with ACN."

Today, Tommy and Grant no longer work the exhausting 70 hours a week to keep their business afloat. "ACN has had such a significant impact upon us, mostly by allowing us to be where we want, with who we want, and do what we want. It is exciting to see that the realities that are coming true today are larger than the dreams we had when we first started off," Tommy said.

The pair has risen to the prestigious position of Team Coordinators by following the system created by the ACN leadership. They

coach new representatives that failure to follow a proven path for success is suicide. In fact, figuring out your own way to be successful will cost you a lot of time, energy and money.

**"We teach our team that if you aren't fighting for something with a do-or-die mentality, can you honestly say you are really living to your fullest potential?" Tommy said. "Just remember, you've already got what it takes, it's just going to take all that you've got."**

The next success story could be your own!
